Nov 10, 2019 S. ECP file for ArcGIS desktop, ArcGIS for Server. This ecp file provides a generic licence key for each. Permission code XXXXXXXXX - License refused XXXXXXXXX - License refused - Access token invalid XXXXXXXXX - License granted - Permission denied. YYYYYYYYY - License granted - Permission granted. ZZZZZZZZZ - License refused - Access token invalid. XXXX-License refused - Permission granted. Aug 17, 2019 Manually Request the FeatureVersion License, it will prompt you to continue. Ensure your ArcGIS Enterprise Server instance has been successfully installed and that you have the appropriate read-only access to the server's "License" folder. If you are unsure, view your license status, or use the "ArcGIS Enterprise Server Licensing Utility" application. New Permissions Codes in ArcGIS 10.5: Use of the ten digit serial number, containing at least twelve digits (with a maximum of three consecutive zero values) instead of the six digit serial number, which contained only digits, beginning with the number one (see the following). Because of this change, however, the two licence types are no longer convertible. In order to convert from one type to the other, you must install a new version of the software. For additional information about the licensing changes in version 10.5, see the License Information page. Spatial Data Management and Compatible with ArcGIS Server License Manager system or direct product licensing requires ArcGIS Online License Manager, License Manager ArcGIS Desktop, or ArcGIS Desktop 10.1 or later to use License Manager system or Direct product licensing. This document provides information on how to apply for ArcGIS Enterprise Desktop 10.1 license keys. ArcGIS Server 2016: "ArcGIS Server will remain ArcGIS for Server, but will use the ArcGIS Server Enterprise 10.1" ArcGIS Server = ArcGIS Server 10.1. ArcGIS = ArcGIS 10.1. ArcGIS Enterprise Server = ArcGIS Server 10.1. ArcGIS = ArcGIS 10.1. ArcGIS = ArcGIS 10.1. ArcGIS 10.1 is an ArcGIS Desktop version. = ArcGIS 10.1
