Description: Full text reading and writing skills for the WISC-IV German Edition. This manual is an instructor-led class in German and bilingual German-English, for students ages 11 to 17 who speak English as a second language. You can use the manual in your classroom to help students understand and interact with texts that can be written in any of the writing systems used in Germany. Manual Tecnico Wisc Iv German Edition PDF Welcome to UseRights Inc.. Donations are Welcome and Help Support the Mission of This Project. The manual from the "WISC IV German Edition" includes the development of English, or other languages, as well as the training of teachers. This manual is an instructor-led class in German and bilingual German-English, for students ages 11 to 17 who speak English as a second language. You can use the manual in your classroom to help students understand and interact with texts that can be written in any of the writing systems used in Germany. Teachers can also use it to teach non-native speakers or those with learning disabilities and the need for a bilingual text. WISC-IV is a popular test for children between the ages of 4 and 16 and is designed to measure the abilities of children ages 4 to 16 in an integrated model. It consists of 12 subtests, known as index scores, that are used to determine six cognitive abilities: Processing Speed, Visual Spatial, Perceptual Reasoning, Working Memory, Processing Expressive Language, and Full Scale IQ. The manual is written in German and translated into English. The WISC-IV German Edition is designed to measure cognitive abilities with attention-focusing features and to prevent loss of the values of the subtests due to learning or comprehension problems. Title, WISC-IV German Edition.pdf. Region. Format, PDF. Pages, 564. File Size, 0 . Full text reading and writing skills for the WISC-IV German Edition.
