Airfox Crack +

a fast web browser safes your privacy creates bookmarks with a click allows you to easily manage downloads evolves your web browser 100% free browser Airfox is a reliable and user friendly Internet browsing application which allows you to easily navigate the Web, visit your favorite pages, create bookmarks or manage downloads. The browser ensure a fast navigation, data security and a quick tool for clearing browsing data, such as website history or cache. Simplistic interface, convenient browsing experience Airfox offers you a quick and convenient Internet navigating experience thanks to its friendly interface and engine. Similarly to other powerful browsers, Airfox is built on the Gecko Engine, which ensures speed, privacy and security for the Web navigation. The software offers several tools which facilitate the easy access to specific websites and quickly switching between pages. You may open several different tabs and access many websites at the same time, or browse back and forth between recently visited pages. Moreover, you can open a link in a new window and manage the functions from the side menu. Additional functions Aside from the convenient Internet browsing experience, Airfox also features an integrated email client, which allows you to receive messages from various addresses. You need to setup the client by specifying the email service and account you are using. Moreover, Airfox includes a HTML editor, which offers a wide variety of text editing tools and a preview tab. Managing preferences Airfox allows you to create bookmarks in a simple manner: you need to open the bookmark managing center, then add the current tab to the list or remove the selected link. Similarly, you can easily erase the browsing history and cache with a single mouse click, on the designated button. You may customize the functions of Airfox by modifying them from the Settings menu. However, this section is reserved for advanced users, which is why the program displays a warning before directing you to the settings menu. In other words you may only change advanced settings, an action which can affect the stability, security or performance of the browser. Reliable browser in the development phase Airfox is a powerful browser, which can easily and properly display even those pages that are rich in Flash content, videos and multimedia elements. However, you might encounter difficulties when downloading items, especially when using the integrated download manager. Also, it does not support opening links in new windows/tabs: you need to open the tab, then paste the link. - AirFox adds functionality - AirFox is

Airfox Crack Keygen
