Extremely popular: There are more than 40,000 gamers using this DM guide! Many people already know and love some types of tabletop games, but the ones called Dungeon Master are considered by many to be the hardest to get into. One of the main reasons that these games are harder to get into is that there are quite a few rules that need to be learned in order to play well. This guide offers you a chance to play, learn, and enjoy this type of game, and hopefully you'll feel like you're ready to dive into it and start playing the game you've always wanted to play. Having played some of these games myself, I know that they can be a ton of fun to play and are quite addictive. But many people have a hard time understanding how to get into them at first, and their rules can be hard to get used to, so we made this guide for you, to learn and play these games easier. A: Yes, it has been a collaborative effort and I have collaborated with a friend in order to make this guide. Q: Who wrote this guide? A: I wrote this guide, and my friend contributed a lot to the content of this guide and to the writing style that it is presented with. Q: I've read that this guide has been used by many people. A: Yes, we get this a lot, it has been used by a lot of people in order to learn and to play these types of games. Q: If this guide isn't very detailed or thorough, then why did you write this guide? A: The purpose of this guide is to be as detailed as possible in order to get you to learn and play these games, to help you become the Dungeon Master, so that you can have fun with your friends. Q: Is this guide going to change how the games are played? 77a5ca646e

A tool for DM's that helps track NPCs and other things that happen during your sessions. A: In addition to the already excellent comment from Hoople - the 'Support' tab is probably the one you want. In particular, you can import data, track items (e.g. money, XP), add custom encounters (I usually use the'monster actions' tab to define an encounter), etc. A: For future reference, this answer isn't very useful anymore but I decided to share it anyway. If you want to track all those counters, encounter notes, monster actions, NPC actions, and the rest, you can use a tool called QuestBoard. QuestBoard is a web-based app that allows you to store, organize and play through your favorite roleplaying games. With it you can manage any character, any campaign, and virtually any type of game. It's free and easily accessible from any computer. Finance Westchester County will enter into an agreement with Applin, Inc. on behalf of its local Water Authority, to jointly assume the operation and maintenance of Westchester's water system as of July 1, 2014. The funds generated from this work are made available to the Westchester County PARS program. The management services contract is for five years. The Department of Environmental Conservation (DEC) is pleased to announce the renewal of its agreement with the U.S. Army Corps of Engineers, which manages the Kensico Reservoir, Westchester's largest source of drinking water. The five-year agreement, which expires on June 30, 2018, is intended to improve and support the ongoing efforts of the DEC to protect the health and environment of the Capital Region. New York's 2011 legislature overhauled the state's Medicaid program, allowing the state to cap the growth of healthcare spending to bring costs under control. The new law included a $1.9 billion stimulus package designed to increase access to healthcare, particularly for children and low-income New Yorkers. The County of Westchester released its 2011 Comprehensive Annual Financial Report (CAFR), which contained a great deal of information for citizens, financial community members and business owners. This information included details on: County Executive Robert J. Astorino announced the annual release of the 2011 CAFR on February 24, 2012. The report offers a glimpse into the financial life of Westchester County, New York, and

What's New in the DM Helper?

DM Helper, the Dungeon Master assistant, is a platform for writing, editing, and running your own D&D style roleplaying game. You can run one of the campaign templates in this app, or create your own campaign from scratch, using the system tables to determine the specifics of your game. Your story takes place in a unique environment, with your characters making discoveries about the setting and the monsters you will encounter along the way. One of the most useful functions of the app is the Character Sheet. The Character Sheet is a simple but comprehensive tool for keeping track of your character, including traits, skills, equipment, and even the weapon you are holding. Character progression is also supported in DM Helper, with the app helping you to track your progress from level 1 through level 20 or higher. Optionally, you can choose to show the full campaign background or just the dungeon tiles as a way to keep the focus on the current action. With DM Helper, you don't have to worry about anything that would usually slow a D&D game down, like world building, character creation, or the planning of the party. DM Helper Features: - A robust character generator for creating your heroes - Compatible with any edition of D&D - Manual campaign creator that will help you to make a campaign that fits the style of D&D that you enjoy - Hundreds of pre-created campaign settings for you to play - Tool for level progression, with optional indicator of whether your character is learning or gaining new skills - Character sheets and character development aids - Customizable campaign layout and maps - Customizable party toolkit DM Helper is a roleplaying game app that will let you play and run any type of D&D campaign from you, regardless of whether your favorite edition is 5th edition or the basic old school version, as long as you have the official Dungeon Master rulebook. It will also make character sheets and other calculations much simpler, just as it will help you to manage your campaign with ease. Download DM Helper for your iOS device at the App Store for $3.99 Play by yourself or with up to 4 players, the rules are simple, you roll, add, subtract, and calculate and you're ready to play! Use your dice to win or lose as you go through battles and face evil lurking in the shadows. Set the storyline for your heroes to win. In the world of Dungeon Dice, your destiny is in your hands. Choose from 5 different roles and use them to save the realm of Diceland! CONGRATULATIONS! You have won the battle. On with the game! *FEATURES* - FREE!
