Much of the Photoshop training you will find online or in book form will concentrate on simple images, such as landscapes, pictures with minor adjustments, or photographs. If your images need a little work but you have no experience in image editing, try to stay away from purchasing a book that's focused on one single subject, such as photography. This book shows you the tools and techniques that will help you improve your digital image editing skills. To get started, read this chapter carefully. Then read Chapters 5, 6, and 7 for an in-depth look at Photoshop's different tools. After

you're comfortable with your editing skills, you may want to dive more deeply into Photoshop. If you're more advanced, and familiar with other image editing programs, you can skip this chapter and head to Chapter 5 for tips on learning Photoshop. If you're in the middle, stay tuned for more in-depth tutorials on specific topics.

This post will go into detail to show you how to use and learn how to do the following things:

- Add a Lens Correction Filter
- Add a Focus Brush Filter
- Add a Motion Blur Filter
- Use Adjustment Layers
- Add Depth to a Picture
- Give a picture a surreal,

dreamy or futuristic feel Use a Puppet Warp Filter Apply Vintage Effects to a Photo Learn how to work with a ton of different filters And even create some sweet Discord Emojis! Below are some screenshots of the filters we used in the video below: The Lens Correction filter is a powerful tool to correct lens problems. It does a great job at perfectly restoring your photos if you've only had one blurry photo taken at a close range. If you've had a few of them, the focus of the subject may be blurred or out of focus if you have a large amount of focus error. If this happens, it is best to use this filter rather than manually correcting the issue. To add a lens correction filter, all

you need to do is open up the filter application and you'll see the three main lenses on the left side of your screen. You can also add a lens that you've had a photo taken with. Click on your photo. You can zoom in and out using either the +/- buttons (if you have a mouse) or using the scroll wheel on your keyboard (if you don't have a mouse). Scroll all the way to the right to see the other three lenses. From there, simply check the box under the lens you want to use. Once you're done, click add and you'll be able to see your lens in the center of your photo. It's best to rotate your photo once you're done with the lens correction filter.

NOTE: If the lens doesn't appear in the

filters, double check if you have the correct lens. Zoom back in and scroll to see if there is a lens in the other boxes. The next filter on our list is the focus brush. This filter will allow you to make a paintbrush effect that will change the tone of your photo. To add a focus brush filter, all you need to do is open up the a681f4349e

The American Hockey League announced today that all regular season professional hockey contests in Atlantic City will kick off at 7:00 p.m. on Saturday, September 16. The new home of the Albany River Rats will host their first puck drop, as the Colts, later on Sunday, September 17, also play their first game at the 2,700-seat Eric Bluhm Plaza. The timing of the inaugural professional game in Atlantic City is perfect for fans on the East Coast as college football returns to the Garden State tomorrow night. Fans are encouraged to arrive early on Saturday to watch the River Rats take on the

Binghamton Senators, as gates will open at 4:00 p.m. The doors will close prior to puck drop. The NHL announced on Wednesday that they will be holding an open training camp in Atlantic City this fall, while fans in the area will have the opportunity to see their favorite players out on the ice at the Hall at Meadowlands. The time and date for the next AHL training camp will be announced in the coming weeks. Individual tickets for the River Rats 2016-17 AHL regular season home games will go on sale to the public beginning Thursday, September 12th. One seat per game will be available to the general public for most home games at the Eric Bluhm Plaza.

Single game tickets will be available for purchase starting at \$5. The NHL is expected to begin play in Atlantic City by the end of 2016.

Fresh Ways to Use Up That Herbal Remedy Spin a little webs in your mind and begin to weave The exciting new world of alternative healthcare. The use of herbs has been a part of American society since the early days of our early American pioneers and today we continue to benefit from the wisdom of these natural healers. The body tends to heal itself if given the time, space and support, allowing for complete recovery. Yet many are held back from their true potential of natural wellness due to our modern medical society.

Drugs, radiation and surgery become the norm instead of being viewed as a new era in healthcare. Dr. Isaac Scholte has seen this happen first-hand in his medical practice. Inadequate nutrition, stress from fast paced schedules and poor diet often lead to illness. Many of his patients have been tricked into believing they need to be constantly under the medical radar for an illness to manifest, when in fact, they are just plain sick. Once they heal from
