Changelog: Read full Disclosures... The video card industry has changed in recent years, and the process of selecting a suitable video card for your gaming PC or laptop has become more daunting. This is the problem that I wanted to look at today. I got in contact with ASRock and they sent me two of their top of the line video cards, both of them with a price tag of under 50. The first video card is a $60 ASRock GeForce GTX 1070, which this review will look at today. The second video card I will be reviewing here is the $35 ASRock GeForce GTX 1060.
