Aug 25, 2005 This happened to me too. I had to restate the disk and use the special restore option. It worked for me. . Jul 23, 2005 I couldn't reset it because it wouldn't recognize the USB. I called Apple Support and they found an issue with the USB port because of my video card. After replacing my video card (they could not reset the unit) I was able to reset it. I would suggest downloading the Resetter app from the internet and running it to reset the iPod. Ipod Shuffle Reset Utility Windows 7 64 Bit . Jul 18, 2005 Hey all, Ipod Shuffle Reset Utility Windows 7 64 Bit 30 . Jun 2, 2005 Use this app and follow the instructions on how to reset it (which is the same as the short cuts you get after an iTunes import) (this will reset the "serial number" on the drive so you can keep using the drive) . Nov 18, 2004 After you have done the above steps, open ipodmanager and highlight the shuffle and click the "reset drive" option. (after that I dont think you will need the ipod utility anymore). Oct 3, 2004 The only thing I have found is that you can use the little file icon and delete the driver entries and the password. Or you can remove the shuffle and power on the drive and let it reformat, the factory reset will wipe the drive. .
