Starting out with clip art and text resources You can use many methods to add text to an image, but the most common way is to add text to your image with a ready-made clip art item, whether a clip art graphic or an existing text-based image. You can also use just about any type of blank (white) space and overlay it with a type of clip art or use a text-based image as an overlay. You may even import a font with the right letters as a separate layer, allowing you to change the font size, color, size of the font, and other properties. The best place to get clip art is from a clip art

Daily administration of estradiol-17 beta (0.5 microgram/rat) for 6 consecutive days, for the first 3 days of treatment and during days 4 through 6, induced secretory changes in the endometrium, cervix and vagina. In contrast, a similar treatment with progesterone in the evening dose (1.5 mg/rat) in a similar fashion had no effect on the reproductive tract of female rats. A mixture of estradiol-17 beta (0.5 microgram/rat) and progesterone (1.5 mg/rat) in a 5:1 ratio in the evening dose induced secretory changes in the uterus and cervix similar to those seen with estradiol alone. A mixture of estradiol-17 beta (0.5 microgram/rat) and progesterone (1.5 mg/rat) in a 1:2 ratio in the morning dose was not effective in inducing the secretory changes seen with
