
Zte ZxDSL 831All Firmware [WORK]

Hi,I have connected ZTE F673-0.4 USB modem / router to windows XP. I don't know if Zte ZXDSL 831 All is firmware or software.. I have updated the Firmware too. I have tried both way to manually connect to internet (through my desktop and laptop connected to home routers). Both ways I am not able to connect to internet.In my desktop I have a big problem. When I tried to update the Zte USB modem / router firmware using I got following error.what should I do in this situation. Hi,I have connected ZTE F673-0.4 USB modem / router to windows XP.
