Fifa 22 Activation Code introduces a number of elements to the game, from the gridiron gridiron and the Virtual Trainer to the new Scout role. Change-ups are now more aggressive than in FIFA 21, allowing players to lunge into the ball to create space with more frequent finishes. New control styles add a more natural and intuitive feel to the game. These include the Off-the-ball control, which allows players to use their elbows to dispossess opponents, the Interaction Control, which is a new style of controlling players at high speed, the Dribbling Maneuver, which allows a player to dribble behind the back line, and the Special Maneuvers, which allows players to perform finishers and flick-on shots from specific positions and distances. Sorcery X FC Barcelona will be available for free to FIFA Ultimate Team (FUT) owners. Chelsea's Eden Hazard receives a major update, as players will be able to unlock All-Time Goals, Assists and Man of the Match awards. To celebrate the momentous occasion, a memorabilia pack will be available to players that unlocks all-time player cards. The Ultimate Team gives all cards a whole new look. The ultimate image is now on the back of the cards, as is each player's favorite moments. The 2-4-2 diamond is now in use on goal celebration cards. The FUT Draft now gives the player with the most talent the first pick in the Pick, Choose and Count-Down phase. In addition, the player with the second-most talent at each position has a reduced number of roster points. Goalkeeper Doni now lets a player pass the ball to him from the 18-yard line. The Next Level Player Training mode features additional goals, passes and key actions for players such as Welder, Sniper, and Foreman, who perform these actions every time they are in possession. A new Scout role has been added to Ultimate Team. Scouts are vital when searching for players with specific traits. Synergy Cards are now influenced by Draft Kit and Draft Style. Full Squad Synergy is now influenced by Draft Kit and Draft Style. International Teams Players will now see opponents with different uniforms in match and training modes. The size of the supercard in the World Cup "Game Preview" screen has been increased to fit

What's new in Fifa 22:

- **FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.**
- **Live it up as Rifa or get dirty as the BladeGlow line. Deciding if you want to add versatility and fun to your gameplay is a high-stakes decision. As you collect shin, take shots, blaze through crowds, sprint up and down the pitch, and dribble through opponents, you get to decide how you style yourself.**

-
- **You can see your Ultimate Team line up and train like a pro in coach mode, move the pitch to try out if feels in Playmaker or Freekicks mode, or simply dream up a lineup to perfect match-ups and hit shots. All of this and more in Ultimate Team Career mode.**
 - **Cliff Tackles will reward the ball carrier with Power Plays and give them an opportunity for Counter Attack and Quick Breaks.**
 - **Defence takes a deep breath and can choose between Composure and Aggressiveness.**
 - **Disciplined Play uses the Global Intelligence Monitor to make sure you play the game the right way.**
 - **Playmaker gives you all the tools you need to dazzle with tricks and create goals from out of nothing.**
 - **A brand-new tutorial mode gives the new or the complete beginner a handy point of entry. Play through a series of simple moves and challenges in order to master key elements and build your playmaking foundation.**
 - **The Professional Zones give you a taste of how other teams may play against you.**
 - **FIFA 22 enables the AI to learn your playstyle and adapt to your playing style. You can start a new game now and give the AI the fun, exciting, and counter-intuitive kind of player you play with.**

-
- **Presented as Training Missions, FIFA Training Mode utilises the extensive motion capture data processed and converted into action replays. Add to the breadth of replays in Training Mode by collecting more than 50 landmarks, 99 different action types, and 1,839 different types of interactions. Ravi Newell, FIFA contributor and motion capture animator at EA Sports, did all of the recording with the actors in order to achieve their blend of precision**
