We're about to start hearing rumors that inFamous: Second Son will be launching to PS4 sometime at the end of this year. I know you can buy the inFamous : blow up everything pack for ps3/ps4 but that's not what i'm interested in. I want the new DLC for Second Son and if I cant find it at launch I would like to know if I will be able to download it a few months after the release date.. I'm a ps4 fan, but I'm really interested to know if there's any DLC available for Second Son, because I've been looking for an DLC that has the Agro suit DLC, I know you guys can't give me any info, but I was wondering if it would be available for ps4? Im really excited for inFamous 2. After playing the demo I think that this game will blow fans
