Spontaneous bacterial peritonitis developed 1 year later. The other patient had a 1-year history of fever with polyarthritis. In both patients, lung involvement was not found until the patients presented with respiratory tract infection. Conclusions {#sec1-4} ===== Churg-Strauss syndrome is an essential differential diagnosis of CAP associated with edema of the extremities in a patient presenting with febrile illness. Rapid recognition of this vasculitis is important, because it may be fatal if not diagnosed early. **Source of Support:** Nil **Conflict of Interest:** Nil Q: Strange Firebug Error: Uncaught TypeError: Cannot read property 'match' of undefined I'm using Firebug, and I've been getting this error in the console as I write a script: Uncaught TypeError: Cannot read property 'match' of undefined at line: // Fetching cookie value var colorTag = document.cookie.match(/color=(\^;*)/); Why is this undefined? Any ideas? A: I think it's because document.cookie is an object, but you are trying to match it to a String (using the.match() method). Try using var colorTag = document.cookie.split("color=")[1]; instead. Edmíel Páll d
