Special Cheats Here's a few unique cheats we've developed. Use any of them when you want. Your game's special store features won't work while using these. use Cheats.cheats-new This was the first cheat code. We wanted to add shortcuts to some cheats, so we had to teach ourselves how to cheat. Unfortunately, since we're not cheaters (yet), we've forgotten everything. But hey, I still have 2 of the cheat codes I created back then. If you find a new cheat please send a message and/or downvote this message. Special stock cheat This cheat is available for RoBlox admins and should be used with permission. To use this cheat, edit a stock that has an ending date of "Available until deleted." Select this cheat, and enter a date into the text area (after the time). The game will set this stock back to active in the cheats area until the end date you specified. Must be used with permission. double roblox bucks This allows you to buy roblox bucks at a discount. (It doesn't require a moderator, although it might take a couple hours to approve it.) To use this cheat, edit a store item and enter "add_double_roblox_bucks_time" into the text area. The game will add an amount of roblox bucks each time the store gets accessed for the next 24 hours. double roblox bucks must be added in a store. This is a badge that can be used in a Roblox game. To use this cheat, edit the Game model and enter the following text into the text area. check_always_available_addons_off This will make certain add-ons always be available. The titles of the add-ons will be set to whatever they are in the game. If you put any add-ons in this cheat, it will show in your Add-ons list, but it will not have the cheats indicators in its description. To use this cheat, edit the game model and enter the following text into the text area. awesome_banana This will increase your score by 10. To use this cheat, edit the Game model and enter the following text into the text area. easy_eagle_fly This will make flying get 1 longer every time you
