The Germans' war had lasted 4.5 years, compared to the 12-year-long conflict on the Allied side. Germany used airplanes and submarines to target warships, troop transports and military posts. Military technology and tactics found a mass production at factories in the Allied arsenals. It was during those 35 years that a familiar, and little-known, politician came to power in a nation that would play a major global role in the 20th century. In a major (and for him, final) re-election victory, Kaiser Wilhelm II became German emperor at age 20. Gesine Lohaus reports for the GermanPublicBroadcasting Corporation on how Wilhelm's influence over his nation, empire and party was a looming threat to peace.
